WASHINGTON, DC - 202-548-2680
JACKSONVILLE, FL - 904-261-2444

HOW THE POLL WAS CONDUCTED

This poll was conducted by Mason-Dixon Polling & Strategy of Jacksonville, Florida from December 19 through December 23, 2019. A total of 625 registered Georgia voters statewide were interviewed live by telephone.

Those interviewed were selected randomly from a telephone-matched Georgia voter registration list that included both land line and cell phone numbers. Quotas were assigned to reflect voter registration by county.

The margin for error, according to standards customarily used by statisticians, is no more than ± 4 percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.

QUESTION: Do you support or oppose a federal tax credit proposal in Congress where individuals and businesses could donate to non-profit scholarship granting organizations in the states that would provide scholarships for students to attend the public, private or career and technical schools of their choice?
